ABOUT THE UNIVERSITY OF BOTSWANA (UB)

The University of Botswana (UB) has been transforming economies since 1982 after its establishment by an act of Parliament on 1st July 1982. The University is responsible for driving Botswana's human capital needs through teaching, learning and driving the research ecosystem. The University aspires to be fit for purpose and ready to serve the needs and expectations of the nation and future generations of its citizens by continuously embarking on societal engagement thereby creating impact.

VISION

By 2029 the University will be a Distinctive Centre of Academic Excellence in Botswana, Africa and Globally.

MISSION

The University provides Quality Education, Research, Innovation and Engagement for Sustainable National Development and Global Impact.

**MESSAGE FROM
HIS EXCELLENCY THE
PRESIDENT OF THE
REPUBLIC OF BOTSWANA**

**DR. MOKGWEETSI ERIC
KEABETSWE MASISI**

4

Congratulations, Class of 2024!

Your educational success fills us with pride, joy and hope, as you embody the nation's future and prosperity. However, as you graduate today, remember that you are entering a world fraught with numerous challenges, from economic uncertainties to climate change and social inequalities. Yet, these challenges present you with opportunities to make a meaningful impact on your communities and Botswana society.

Navigating the challenges will depend on how you perceive them and apply your knowledge and skills towards solving them, taking advantage of the ecosystem of Government's economic support services and schemes geared at igniting an entrepreneurial spirit in all of you. Therefore, as you launch your careers or pursue other interests, remember that your duty to humanity is to harness the power of your prized education to change your world.

Consequently, I wish to encourage you to embody the spirit of Government's Mind-set Change Campaign and the RESET Agenda to become proactive and forward-thinking leaders who inspire positive change. Embrace these responsibilities with a sense of purpose and remain open and adaptable to new opportunities. Use your knowledge and skills to innovate, uplift your communities and drive positive change.

With that, I have no doubt that your contributions will help create a better and more sustainable world, as you practice good citizenship, advance our democracy, and efficiently deliver whatever goods or services within the remit of your evolving competencies.

Let me once again, convey my heartfelt congratulations to you Class of 2024!

MESSAGE FROM THE CHANCELLOR OF THE UNIVERSITY OF BOTSWANA

**MS TEBELELO
MAZILE-SERETSE**

Congratulations, Class of 2024!

I feel honoured and privileged to be conveying this congratulatory message to you, the graduating Class of 2024.

Today marks the beginning of a new and exciting journey into the world of work. Not only is this the beginning of a new chapter but it is also an opportunity for you to use the skills and knowledge you have gained during your years of study and hard work to make a positive impact.

A graduating class of an election year must be different from other graduating classes for it is during an election that the aspirations of our people are better pronounced. Turn these into opportunities and make a difference. I am, therefore, confident that as you face the world, your intellectual capacity and mental strength will yield benefits for generations to come.

Wherever you go, continue to be true ambassadors of the University of Botswana and embody the cultural ethos and humanity for which Botswana are renowned.

Once again, congratulations, Class of 2024!

MESSAGE FROM THE CHAIRPERSON OF THE UNIVERSITY OF BOTSWANA COUNCIL

**MR. LEKWALO LETA
MOSIENYANE**

6

It gives me great honour and privilege to be conveying this congratulatory message to you Class of 2024. This day is a joyous and proud occasion not only to yourselves but also to your families and friends and indeed the University.

You have been imbued with exceptional knowledge and skills that the country needs as it strives to become a knowledge-based society. Take time to reflect, be strategic and engage as you make decisions on your lives after graduation here today. You are now intellectually empowered to determine which direction your lives take. Education is a door opener to several doors; so, use it to change your lives and that of others for the better.

Your graduation is the beginning of an exciting journey into the world of work. It is the beginning of a new chapter, and it is yours to write. I am confident that when you face the world with all the vigor and intellectual capacity that you have gained from this university, you will write a good story of yourselves. I trust and encourage that in consonance with the mindset change as launched by His Excellency, the

President of this great Republic, Dr Mokgweetsi Eric Keabetswe Masisi; you are not only going to knock on all doors looking for a job, but that in addition you will utilize your qualification to create employment for yourselves using youth empowerment and other schemes available in this country. Dare to dream!

The attainment of Vision 2036 goals depends to a very large extent on transformation at an individual level, therefore, your active participation in the affairs of this country will no doubt help Botswana to realise their aspirations of sustainable economic, social, and human development.

Lastly, remember that the certificates you are receiving today are but the beginning of a long life of learning both academically and experience wise. Continue to enrich yourself with new knowledge and be good ambassadors of the University of Botswana and contribute to its development as it positions itself to be a high-performance organisation.

Once again, congratulations Class of 2024!

MESSAGE FROM THE VICE CHANCELLOR OF THE UNIVERSITY OF BOTSWANA

PROFESSOR DAVID NORRIS

Yet again, we converge here, proud that your time at the University of Botswana has been more than just about academic achievements but a valuable life experience as well. That you are graduating today, reflects commitment to your quest for knowledge as well as your dedication to self-edification. As a public institution built by Botswana through the spirit of self-reliance, the University of Botswana will always remain your home.

I am fully confident that as proud graduates of the University of Botswana, you will carry forward the legacy bequeathed by our forebearers with honour and distinction. Remember, your graduation today is not the end of learning. I urge you to embrace lifelong learning and continue expanding your knowledge.

Above all, be compassionate leaders who uplift those around them. As ambassadors of the University of Botswana, continue to make both the University and our Great Nation proud.

Congratulations Class of 2024!

GUEST SPEAKER

MS. NENE SATOUROU MAIGA
