THE PRESIDENT OF THE REPUBLIC OF BOTSWANA ADVOCATE DUMA GIDEON BOKO

It is with immense pride and warm congratulations that I extend this message to the University of Botswana's graduating Class of 2025.

Today marks more than the celebration of academic achievement; it heralds the beginning of a national calling. You are entering a Botswana in the midst of profound transformation, a journey that demands courage, creativity, and conviction. You are not merely graduates; you are nation builders, problem-solvers, and architects of a new tomorrow. As we navigate the complexities of a globalised, knowledge driven economy, Botswana is investing in a generation defined by purpose. You are that generation. The future of our nation rests on your ability to innovate, challenge convention, and uplift communities through inclusive development.

Our vision is clear: a transformed Botswana where every citizen not only dreams but thrives. Realising this vision requires your leadership in advancing human rights, upholding dignity, and ensuring that no one is left behind. The Botswana we are building must be a place where gender equity, social justice, and respect for all are not aspirational ideals, but lived realities. You carry that responsibility.

We stand at the frontier of a digital revolution. From artificial intelligence and sustainable technologies to e-governance and digital entrepreneurship, the imperative to modernise is urgent. You are the architects of this digital Botswana. The code you write, the systems you design, and the policies you shape will forge resilience and prosperity for generations to come.

I call on you to lead, to question, and to reimagine a modern and prosperous Botswana. Botswana needs your intellect, your compassion, and your boldness. We do not seek perfection, we seek progress. And progress begins with those willing to step forward, to try, to fail, and to rise again.

Class of 2025, carry your knowledge not as a badge, but as a beacon. Illuminate the path for others. Be unwavering in your integrity, fearless in your innovation, and grounded in the values that define us as Botswana: Botho, unity, and service. On behalf of a grateful nation, I wish you strength, vision, and the courage to shape a Botswana where every citizen has the tools, the rights, and the opportunities to live with dignity and purpose.

Go forth, Class of 2025. The future is not waiting, it is already in your hands.

**CHAIRPERSON OF
THE UNIVERSITY OF
BOTSWANA COUNCIL
DR DANIEL TAU**

Congratulations! Today marks a defining milestone one shaped by your dedication, sacrifice and unwavering pursuit of excellence. As you step into the next chapter of your journey, you carry with you more than an academic credential; you carry the aspirations of a nation that believes in your potential.

You graduate at a time when the demand for ethical leadership, digital innovation and human-centred development has never been more urgent. The University of Botswana has equipped you not only with knowledge but with the capacity to shape discourse, challenge paradigms and solve pressing challenges that affect communities both locally and globally.

Our country looks to you to become builders of institutions, champions of justice and architects of inclusive progress. Your values, decisions, and vision will influence how Botswana evolves economically, socially, and morally in the years ahead.

Congratulations once again on this well earned achievement. May your path forward be guided by courage, wisdom and an unwavering commitment to nation building.

**THE VICE CHANCELLOR OF THE

Today marks not merely the conclusion of your academic journey at the University of Botswana, but the beginning of a new chapter, one filled with promise, impact, and leadership in a world that is both dynamic and demanding. You leave these halls not only with degrees but with sharpened intellects, tested values and the resilience to thrive amid uncertainty. Your accomplishments reflect your discipline, the steadfast support of your families and the dedication of our faculty and staff who have guided you throughout this journey. Take a moment to honour that collective effort.

As you step into the next phase whether in industry, public service, entrepreneurship or research, carry with you the pride and reputation of this esteemed university. It is not your qualifications alone that will distinguish you, but the choices you make, the

integrity you uphold and the solutions you bring to the challenges of our time.

Botswana and the world are looking to you, not only to lead in digital, economic and technological transformation but also in human advancement. We need compassionate minds, ethical leaders and bold thinkers. Let this be your enduring commitment as alumni of the University of Botswana.

Go forth with pride and purpose. The future is not something to await. It is something to shape.

KEYNOTE SPEAKER

RENOWNED EDUCATIONIST AND SCHOLAR

DR JOSEPH TSONOPE

With more than 30 years of experience in scientific research, teaching, and postgraduate supervision at universities around the world—including Boston University (US), the University of Bayreuth (Germany), University of Zimbabwe, and the Australian National University—Dr. Tsonope has made substantial contributions to the field of linguistics. His pioneering doctoral research on children's acquisition of the Setswana language, and his extensive studies on Botswana's indigenous languages have significantly advanced local linguistic scholarship.

Dr. Joseph Tsonope—Chancellor of BA ISAGO University, is a distinguished scholar, linguist, and academic leader whose career spans over three decades of teaching, research, and institutional transformation. His extensive contributions to education, corporate governance, and cultural preservation have profoundly shaped Botswana's academic, intellectual, and governance landscape.

Dr. Tsonope holds a Ph.D. in Linguistics from the State University of New York at Buffalo, an M.A. in Applied Linguistics from Concordia University in Montreal, and a B.A. with a Concurrent Certificate in Education from the University of Botswana, as well as a number of professional training credentials in the area of corporate governance compliance.

Throughout his illustrious career, Dr. Tsonope has held several key leadership positions. He served for five years on the University of Botswana Governing Council and another five years as Dean, overseeing more than 120 academic and administrative staff. In addition, he chaired the Botswana Examinations Council for over eight years, transforming it from a government department into a fully-fledged body corporate, which even acceded to ISO certification.

A prolific researcher, and author, Dr. Tsonope has published over 20 books and peer-reviewed journal articles, including a co-authored Setswana dictionary. He has over 400 publication citations.

He is currently working on a project to develop a Mandarin/Setswana/English dictionary, Large Language Models for BW languages along the lines of ChatGPT and DeepSeek artificial intelligence transformers, as well as animation of Setswana folktales.

Beyond academia, Dr. Tsonope continues to contribute to national development and heritage initiatives. He chairs a trust whose predecessor funded the construction of UB student hostel 476, and staff houses—at over P5m, a Trust which funded a study on Botswana's marriage practices—for over P2.5m, published in 2022. He has a complete draft of the Setswana translation of the Botswana National Constitution, further demonstrating his dedication to preserving and promoting Botswana's linguistic and cultural heritage.

He is also a horticultural farmer, and a real estate developer, within and outside of Botswana.
